What a wonderful property!! The location was perfect, the house was perfect, the pool was perfect and we loved the beach area and view of the marina. In addition, we had easy access to Christiansted and all the OUTSTANDING restaurants on the East end.

Holly was the most communicative owner I have ever encountered with a property. She actually cared that our stay was perfect. We go to St Croix at least yearly and if this home is available I wouldn't stay anywhere else. Sara the property manager on island was very responsive (although we had no needs because the property was STUPENDOUS).

Although I have nothing negative to say about the property, if someone has mobility issues, this may not be the property for them because of the hills on the property. This is also what makes the house, property and view great!

Fantastic house to use as a base to explore St. Croix. Very good restaurants close by and the property manager Sara was great to give suggestions for everything we want to see and experience. We would definitely stay here again when returning to St. Croix.

And we would be happy to host you as our guests at any time in the future! We're just delighted that you all had an excellent time at Holly's Beach Folly and that you enjoyed St. Croix. There are just so many things to see and do, listen and taste, see and hear. It was our pleasure to have you as our guests, thank you!!

Second time we have stayed here and just as wonderful as the first. So well stocked, so comfortable and roomy, such incredible views. Perfect location near good restaurants. Got to see the moon rise at Udall Point.

Nothing but amazing things to say. Great communication, support, and the house was perfect. Big bedrooms, great pool, nice kitchen. East end of the island but so close to christiensted. Dining nearby was amazing. Ziggys, Duggens, blue terrace and cheeseburgers In American paradise were all so great and with 5 minutes.

Walk down to your own private beach and watch the sea turtles.

We will 100% be back as we look for property of our own. Thank you for helping make this family vacation amazing.

It is difficult to know where to begin to describe how much we enjoyed our stay at Holly's. Beginning with the host, she is perhaps the most responsive and communicative person I have ever dealt with. Her local caretakers (Sara & Jonathan) are equally helpful and responsive. The property was everything as described in the photos and the narrative. It was clean and well equipped and ideally located. Staying here you are only a short drive from the majority of restaurants and resorts and points of interest. We had only one minor question about the house after checking in and our questions were answered quickly and thoroughly. The private pool and semi-private beach are a definite bonus to the already vast amenities this property has to offer. The view is stunning and the house is comfortable and homey. We would definitely stay here again and highly recommend it to anyone else.
