Perfect stay

We had a great stay with three couples. There was plenty of spaces for the couples to retreat to their own space or gather together.

The kitchen had all the basics, the beach chairs were new and fantastic (Rio Brand) and easy to take out to the beach.

Property manager was helpful with a late checkout.

Stunning View, Expansive Deck, and Fantastic Pool

We thoroughly enjoyed Pelican Point with its wonderful view and extra large pool. This home is also spacious, clean, and comfortable with a well-appointed kitchen and plenty of room for guests.

The whole-house generator was a bonus, as it took over seamlessly a couple times during a brief storm and when the power company shut down electricity for a few hours to make improvements to the powerlines along the road.

It should also be noted that our host Robin was very helpful, pleasant, and quick to respond the few times we had questions or issues during our 7 week stay.

We had the best time here, and would definitely recommend this property!

House needs some work

We had some problems with this place right away. They were addressed but overall this place was disappointing. The beds are very uncomfortable and the lower level has a lot of issues. The pool is great and the views are fantastic and the kitchen is great for cooking. The furniture overall is old and worn out and the amenities are pretty sparse. We stayed for two weeks and enjoyed our vacation very much but we had to overlook a lot of problems with the house.

We are sorry to hear that you feel this way. The owners were recently here and completed several updates, throughout the home. We currently have guests whom are having a wonderful time enjoying Pelican Point.

The house is really nice. The view is tough to beat. House had a few issues. One of the beds was broken. Had to prop it up with books. Towel bars and toilet paper holders were broken. Curtain rod in a bedroom fell down in the middle of the night. Just little things that should be taken care of with the price of the house. We came in January so the pool wasn't useable. No way to heat it. The house is

really nice though and the view is great. Just minor issues. Kitchen is well stocked . Would definitely stay here again. Pretty windy on the east side of the island but much nicer and more laid back than west side.
