Splash of Lime is the epitome of "Caribbean villa." The property is beautiful. Walking to the villa you're surrounded by tropical plants and flowers which is then complimented by the terracotta tile throughout the home, a true Caribbean vibe. The living area has two sets of french doors which open up to a private, surrounded by walls on either side, pool; with a spectacular view of the Caribbean ocean and Buck Island. Opening the jalousie windows and turning on the ceiling fans permits a gentle, tropic, breeze to flow through the villa, maintaining a comfortable temperature, and allowing you to hear the crashing waves of the ocean as you slumber in a spacious king size canopy bed.

Tom and Hillery were exceptional and very communicative before, during, and after my stay. I never had to wonder where, when, how about anything.

Seriously, stop scrolling Airbnb and book this villa before it's too late. 10/10 stay!

The true star of Splash of Lime is hands down the outdoor pool area and stunning views. This was the reason we chose this rental. We loved enjoying our morning Latte sitting on the rocking chairs taking in the beautiful views. The lounge chairs were comfy, and we enjoyed the outdoor area for breakfast and a game of Yahtzee! (We never travel without this game!) The cozy villa is perfect for 2! Although the kitchen is very tiny, it has everything you will need during your stay. We loved the Keurig Latte maker complete with a great selection of coffee. The bed was very comfortable perfect for a great night's sleep.

I will share that the washer/dryer is too large for the closet causing the doors not to fully close. The only closet housed beach equipment which limited the closet use, and beneath the bed was used for storage of pool items. Kat was great and came to clean out the closet, relocating the beach items outdoors. Iguana alert! You may need to clean up droppings by the pool.

Splash of Lime is truly an island oasis. The photos don't do this place justice. It is truly stunning. The pool is beautiful and refreshing. The king size bed is one of the most comfortable beds I've ever slept in. The view is stunning, and you really can't find a better location. It is quiet, private, and secure. If all that wasn't enough, Tom and Hillery have accounted for absolutely anything you may need during your stay. The hosts were are the most responsive I've ever dealt with when booking an air bnb. I had a special request to mail some thing ahead of time and they were so helpful. They responded quickly to every question I had. We are so happy to have found this amazing spot, and we are already planning our next stay here!

To start the communication was fantastic from the time of booking to check-out. We have stayed on island in six different rentals and Splash of Lime was the cleanest and best maintained unit we have been in. Fantastic unit with everything we needed. Well stocked kitchen and bathroom. Washer and dryer a plus. Comfortable bed and furniture. Private pool with great view. Perfect place to unwind and reconnect.

We had an awesome trip, after 25 years of marriage my wife decided she still likes me :) . Thank you for sharing your place. It has only been one week away and we are already looking to book your place again.

The villa is excellent. Location, amenities, goodies, communication, cleanliness; and am probably missing a few things, were definitely beyond what most hotels and other rentals have. It was a pleasure staying there and hope to be back!

Splash of Lime is a place you imagine Paradise to be! The Villa was so cozy and we felt much at home. The kitchen is a little small but that is not where all the fun is! The majority of cooking was definitely on the grill. The surroundings and view are just spectacular! I have to say, we didn't want to leave the island! Elvin is a masterpiece caretaker! So full of information and advise for your stay. We will surely return as much as possible! Thank you both for the beautiful experience that made our Honeymoon more than we imagined it to be!

Our stay was fantastic & Splash of Lime has everything you'll ever need. Their recommendations were great along with communication throughout our stay. The pool & view are perfect. The staff that sprayed for bugs, cleaned gutters, checked water levels and cleaned pool were so nice. The grounds and villa are really taken care of and there's a great book on the history on the coffee table. \*It also rains less on the East side and it's so close to some great places. You rarely have to go far if you don't want too.

We enjoyed a 1/2 day to Buck Island & snorkeling with Big Beard Adventure Tours.

Lobster at Duggan's, Lunch at Ziggy's gas station/bar, Apps and Bingo at Castaways, Beach day at Kramer Park & Point Udall. Mixed with making food at the villa.

We tried brewstx on Christiansted and were not impressed but heard great things about places next door. The tide was too high to safely get to tide pools & the bugs are something else. BUT the villa and everywhere have bug spray I just highly recommend always wearing it!

Enjoy your stay!!!

Beautiful, comfortable, clean place to stay in St. Croix! The views of the ocean & Buck Island are unbeatable. The villa is beautifully and uniquely decorated & feels so cozy. Tom & Hillery are so kind and responsive. We enjoyed every minute of our stay & hope to be back soon!

There are so many great restaurants & beaches close by. We were often the only people at the beach & it made it feel so private. Tom and Hillery's recommendations were so helpful. We also met many wonderful locals who made our visit so special!

As stated in the listing you definitely want a rental car, downtown Christiansted is about 20 minutes away and has some great food and shops! Tom and Hillery were super helpful with suggestions on things to do/where is good to eat, they were also super responsive and wonderful to deal with 🥰 100% would recommend staying here! Sorry for the super long review but we weren't able to write anything in the book (couldn't find a pen lol!) suggestions below!

Food- brew stx- was amazing! The galleon was a little pricey but sooo worth the money. Coco loco-delicious food and drinks, best margarita I could find! For breakfast definitely recommend ocean view cafe!

Tom and Hillery's place is a little slice of paradise. Situated on a hill, the little bungalow offers stunning views of the water and Buck Island. From the art to the furnishings to the fully stocked kitchen and bathroom, every detail has thoughtfully been accounted for. We reallyyy enjoyed the private pool and patio. Our trip was cut short due to a family emergency and Tom and Hillery were super accommodating and understanding. I've seriously never experienced such hospitality while using Airbnb. We can't wait to come back and stay longer!

Splash of Lime is THE place to stay on St. Croix. We honeymooned for nine days here and had a blast. The private pool was a little slice of heaven on those hot afternoons, especially after spending the day at one of the local beaches. The villa is close enough to restaurants and the Christiansted boardwalk, and even Frederiksted, to be part of island life, but also private enough that it feels like there is no one else around. Everything you might need has been thought of: beach chairs, cooler, towels, toiletries, the honor bar - a sure sign the hosts want to provide the best

possible experience! Hillery was prompt every time we reached out, both before, during, and after our time there, and she provided excellent recommendations. Don't wait to book your stay here - you will not regret it!

I cannot say enough about how amazing the experience is staying at Splash of Lime! By far, the best Airbnb experience I've ever had. Hillery is an incredible host and communicator. Her recommendations and suggestions were spot-on. The place itself is stunning! The view! The beautiful furnishings! The "vibe"! The private pool!! This place was so well stocked...what generous hosts! Coffee, paper products, toiletries, abundant towels and beach equipment! You want for nothing at this marvelous and magical place. The location is fun with a beach within a half mile and across from a great restaurant called Duggan's Reef. Christiansted is just a short 14-min drive away. The views and breezes from this villa will enchant you. We will be back! It was so hard to leave! Don't hesitate to book this place!!

The house was decorated beautifully and very clean. We cooked in a bit so we appreciated the kitchen tools etc. The view of Buck Island and the other US Virgin islands in the distance was just beautiful. We enjoyed the pool deck and

the East End area with nice restaurants and beach hikes. The hosts responded quickly to questions and were very helpful.

Splash of Lime is an amazing villa. We loved having the private deck and pool area and the view was exactly as pictured. The hosts were great at communicating and even offered suggestions for things to do while we were on the island. If you are staying at Splash of Lime, do not stop and stock up on provisions prior to arrival. The villa has so much available - lotions, sunscreens, bug sprays, spices and condiments, and a generously stocked honor bar. Definitely recommend checking out what is already there before going to the store. We will definitely try to stay at Splash of Lime next time we visit St. Croix.

The condo was really cute and nice. It was a very private location. The views are amazing. It does seem like a few other renters including us have left various items like bug spray and sunscreen that you are able to use. The fully

stocked bar was awesome and we were able to leave a flavor of Cruzan they didn't have for the next guest to enjoy. I highly recommend the Splash of Lime
