East End Quiet

Second time at this location. All clean and quiet. Little things were a little shabby but nothing to take away from the stay. Tvs could be SMART and AC updated for whole villa. It's hot in the afternoon with really no shade by the pool. Can only take so much sun. Umbrella was no help. Cramer's is a hidden jewel of a beach. Duggans good but a little off track. Goat soup is very good and Hamiltons is outstanding if u can get a reservation. Ok we loved it.... really!

Perfect vacation

Fantastic property and overall experience. My husband and I have been to St. Croix several times before and stayed in Villa Madeleine in the past. We were hoping that this vacation would live up to the hype we built in our minds (since it had been 7 years since our last trip) and it 100% did. We walked into the house and music was playing on the radio...an amazing and thoughtful touch. The pool was crystal clear and fabulous. Communication with Pat both before and during our stay was prompt and very helpful and friendly. The house was clean, had lovely island decor, the bedrooms were comforting, and all in all the place felt like home...even our 7 year old said so. The kitchen was well-stocked with everything we needed to cook dinners. There were even extra toiletries like lotion and aloe for those days when we got a little too much Caribbean sun. We couldn't be happier with our choice to stay at SolMates and it was everything we wanted in an island family vacation. Thank you for sharing your home with us!

Heaven

I remember this spot from when it had the restaurant. Beautiful views and comfortable villa with all the accommodations. Loved the pool, happy to have the kitchen and a washer/dryer! Just be careful of screens and they are easily taken out of the track and could not use one of the bedroom screen doors because it was not secure and the screen was taped which was not helpful. Other than that we had a fantastic time and would love to return soon!!

Serene & Relaxing

From start to finish it was an amazing experience for the week we were on Island. Our host was very responsive to all of our questions prior to arrival. Upon arrival we walked in to a very clean and serene home. We forgot a few things from the grocery store, but there were some staples available in the condo. We opened and secured all 3 sets of french doors leading to the pool deck, closed the screen doors, opened every window that could be opened and left it that way our entire stay, the breeze was amazing. At bedtime we would secure the bedroom doors and close the bedroom windows, and use the AC. In the mornings we would shut off the AC and open the bedroom doors and windows back up. Our days consisted of making breakfast, taking Crucian style showers, getting out all day, and then coming back and making drinks and dinners. I suggest doing as much or as little as you want, get out and make friends, and just enjoy your time here. We were here to collect my wife's Grandfather's ashes, but we made the most of our time. If you stay here read the guest book for ideas! Overall this was an amazing stay!

SolMates is WONDERFUL

This property in the Villa Madeline area is quite wonderful. The photos online do not do it justice and do not begin to show how nice it really is. The kitchen has been updated and while small, is fully functional. The pool was perfect. There were no problems with the WiFi. Some villas in the area have updated AC units, and while this one has older window-style units, they worked just fine when we didn't want the breezes off the sea. Like every other Caribbean villa we've stayed in, the water pressure from the showers wasn't like we have back home, but that seems to be the norm and it really wasn't unexpected. The location in the very safe & secure complex was great, and we enjoyed the extra privacy of this end unit. The units in Villa Madeline utilize their square footage well and are perfect for 2-4 guests, and SolMates is as good as they get!

Excellent Retreat

The condo was just as promised. It had a great floor plan, tons of amenities, and a glistening pool. We expected to have to climb stairs but SolMates is on level ground, just steps from easy parking. We will definitely stay again on our next trip.

Nice stay!

Villa Madeline was an end unit which was a plus and the entire gated community was very quiet. The master bedroom was spacious with a beautiful breeze that we never had to use the AC. The rental seemed to have everything that we needed for the week except there were only 3 beach chairs in a closet and there were 4 of us but we notified the property manager and he brought us a new one the next day. We noticed that the dishwasher was not secured to the countertop so when the door was down and the top and bottom racks were pulled out the dishwasher tipped forward. Quite dangerous! We also had to fill the pool with water using the hose. Apparently there was a leak in the pool somewhere. A few men showed up a few days after we were there and said they would be fixing it but never came back when we were there. Lastly we came back one afternoon after beach hopping and there was no water coming out of 4 faucets. Property manager was notified and we had running water within 4 hours. And wi fi was not the greatest but you're on vacation. I would still recommend Villa Madeline.
