**Quiet seclusion**

Villa was super clean and very well taken care of. Beautiful breeze, wonderful weather and great times. Pool would have been much better if heated or had a solar cover, sometimes it was too cold to really enjoy. A/C was only used in the bedroom at bedtime and was fine for the temps. Only issue is when leaving i looked at the AC unit in the wall and there was a TON of black mold on the insite of the unit and it made me a little creeped out. Im sure it is par for the course though. Just an idea to Seaview palms unit owner, they should get it cleaned out ASAP. loved the entire trip and how everything was handled from start to finish

**Hate to tell you all about this gem!**

I hesitate to review this honestly bc I don't want to flood the place with new guests but if your looking for views and apartment style living with your own private pool, then VM is your vacation destination. Guest relations is top notch beginning with Anne who takes care of all your travel issues and booking to Charles, who meets you at the airport and is a fountain of information from your first day. Elvin will stop by on Thursday to clean your pool and anything you need, text Charles and it will be taken care of. Down at the end of the road is TLC Kitchen for an excellent breakfast and lunch, no frills but food is really satisfying and just across the street is Duggans Reef a restaurant right on the water with really delicious food and the best steaks on STX. Taking a less...

## Villa Lime Tree - Beautiful Property!!!

We just spent 2 weeks in December in St Croix at this beautiful property. This condo was equipped with everything that we could have ever needed and more. We enjoyed the private pool every day. The separate family room/office was the perfect place to unwind after a day of diving, horseback riding, or hiking. We highly recommend this property and look forward to returning in the future.

## Great location Easternmost side

Friends booked a two bedroom villa - our unit was adequate but a bit outdated in comfort measures as mattress/linens very worn. Common areas was nice -kitchen very small but had amenities. We had a view of the water but not of Buck Island so when booking make sure you request this if you specifically want. Private pool was nice feature although needs some maintenance and pool floats very worn. Tennis courts are worn and could use some lawn maintenance. Separate A/C for bedrooms was needed as very humid and mosquitoes were active. Fortunately, our friends did not need to use the washer/dryer as they were in our guest quarters. On arrival, our greeter was late at the airport which delayed us a bit. There was a booklet of information from the owners that was helpful. Would...

## Villa Lime Tree = The Perfect Crucian Couple's Escape!

We've stayed in several Villa Madeleine condos over the years, and we both agree that Villa Lime Tree has given us the best experience yet! The owners have turned this formerly two-bedroom unit into a uniquely appointed one-bedroom oasis. The main living area houses a well-stocked kitchen (pots, pans, silverware and just about every kitchen appliance you could need), a comfortable sitting area, a full bathroom and the only bedroom. The former second bedroom, separate from the main rooms, has been converted into a lovely TV den complete with two comfortable recliners, big-screen TV and another full bathroom. Split AC units in each room kept us cool and comfortable during our stay, and the king bed was an incredibly comfortable place to sleep while dreaming about the day's...

## **Awesome seaside villa**

We just returned from our stay on St. Croix and we had a wonderful time. Sea Breeze was a perfect villa for our family of 4. The location was amazing - the view was stunning! This is a great family friendly villa with your own private pool. Our teenage daughters loved having their separate master suite. We worked with Ann and Charles and they were wonderful. Everything went perfectly from booking to checking out. The villa had everything we needed and wanted. We couldn't have found a more perfect place for us to stay while on the island. We'll definitely be back!
