The house was well-kept and very private. The views were beautiful, and the private pool was amazing. You must have a rental car, but restaurants, beaches, and local attractions are all within a 15 min drive. Everything was perfect, truly a hidden gem. The only thing I can pick at is the parking can be tricky if you rent a large Jeep/truck, a little tight if you get one of the end spaces. There is a parking space for every house, and space was never an issue. I will definitely rent this Maddie's Oasis again.

Just an amazing stay from start to finish. The villa is scenic, spacious (for 4 people - perfect!), spotlessly clean, serene, and well-stocked. We were traveling as a family, and it was great to have a kitchen that was so well-equipped, as was the entire villa really (beach chairs, towels, amazing pool floats). Communication was great. Honestly can't say enough good things! Many thanks to Rhonda and Robin - this is what an Airbnb should be, and we will definitely be back!

From the minute we walked in it was perfect. Even better than the photos could show. Comfortable beds, beautiful clean pool, amazing location on the East end. Peaceful and quiet and only a short drive to markets and restaurants. Loved having snorkel equipment, umbrellas and beach chairs for our use. Couldn't have been any better. Planning my stay in 2024 already. Thank you.

Great private villa located on the east side of the island which was perfect for us hitting nearby grocery, dining, drinks. Also easy enough to drive into Christiansted and Fredricksted. Great having amenities like the gas grill, beach chairs, kitchen supplies and a super comfortable master bed. We're already trying to figure out when to go back and stay at Maddie's Oasis again.

Villa Madeline is my favorite place to stay on St Croix, and Maddie's Oasis was more amazing than the pictures. Rhonda and her property manager were extremely organized and prompt to respond to any questions and concerns - the property manager was on island and was reachable instantly with any questions. Similarly they had great recommendations for food and fun. The villa was perfectly furnished and had everything we needed for a comfortable stay. The private pool and private view was worth every penny - the only thing we wished for was a second floaty for the pool (we fought over who got the float to lay on in

the sun)! I recommend this villa to anyone wanting to experience the amazing island of St Croix. I will most definitely be coming back to vacation at Maddie's Oasis through Rhonda!

STAY HERE! You're close enough to the action, but removed enough to feel as if you're in your own paradise. The ad accurately reflects this beautiful home and stunning views. My husband and I will stay again!

This private cottage in a gate community lived up to its advertisement and was a haven on our week-long trip to St. Croix. The two bedroom areas (each with full bathrooms) were separate so we had plenty of privacy with the other couple we were traveling with on the trip. The common area and kitchen allowed us to intermingle and eat inside, but the private pool deck is where we enjoyed staying the most with a great view of the Caribbean. We enjoyed several dinners around the pool and used the gas grill to cook up wonderful meals. Our local host, Robin, looked after us and supplied any of our needs. It was a great home-away-from-home.

This place was simply amazing! The views alone, overlooking the pool and private patio, were worth every penny!

The pictures don't do it justice! Waking up to the view of the beautiful landscape and the endless Caribbean sea every morning was the ultimate experience!

We went with another couple and had more than enough space for everyone to relax!

The way this place is set up, it's like having two private apartments!

The high stone walls made it very private from the other Vilas in the complex.

The kitchen was stocked with everything we needed to cook multiple full meals! The bathrooms were clean - and the showers were huge and flooded with natural light!

St. Croix itself is a wonderful place to vacation - it's lesser known than the other resort islands in the area, so the experience was much more immersive. "Island life" is a real thing! The local people are exceptionally friendly, helpful, and tolerant of tourists!...
