June 2022

Very relaxing and peaceful

Shantnu  
June 2022

No air conditioning. Gets very hot at night. Lots of mosquitos and ants all around. In house pool is amazing. The view is also very scenic.

Response from Colleen  
June 2022

Shantnu, our listing is 100% accurate and has NO AC marked and "OPEN AIR HOME" clearly documented. Your refund request of \$1500 has been declined. You are correct, there are several other issues, but those are related to how poorly you treated our property manager...

Beautiful location! Millie was a godsend, meeting us at the airport and on call whenever we needed her. The host was great to communicate with, very responsive . Wonderful place to visit.

This house is amazing! My husband and I have visited the island four times so far and this is definitely the best view we've ever had! We watched a rainbow form in front of us practically every day! It was magic! The marriage of indoor to outdoor space was perfection! I loved everything about it! Millie was a wealth of

knowledge, super fun, and helpful with any questions or recommendations. I highly recommend this house for your future vacation destination.

This open air home was perfect for a week in St. Croix. Waking up to the view of the Caribbean Sea and Bucks Island was such a soothing way to start the day. It was nice to slip down to the pool for a morning swim, watch the stunning sunset in the evening and then finish the night with one more swim before bed. The space of this home provided nice privacy for all of us and it was so quiet! We didn't see or hear any of the neighbors, except for the local roosters! :) This was such a nice retreat, especially after such a hectic, stressful year and a half.

The caretaker of this home (Millie) greeted us at the airport and we followed her to the house; this was helpful as you drive on the left hand side of the road. Millie offered advice on beaches, restaurants, things to do and was on hand for anything that would arise, if we needed her. This made the stay that much easier.

Our week went by in a blink and we certainly miss the views that this home offered.

We absolutely loved this house! From the time we booked to the time we left, Colleen and the caretakers of the property Millie and Randy were super helpful and kind. Colleen took time out of her day to recommend activities while on the island. Millie made sure we had our groceries when we arrived, booked our dinner reservation for us and helped with anything we needed while we were there. The home is beautiful and spacious. Our teens really enjoyed the pool. I could not be happier with our experience and will be booking again in the future at this property.

Millie the house manager was amazing. She was able to arrange for a chef and a masseuse to come to the house. The view was spectacular. My girls and I had an amazing time.

June 2021

The most spectacular view of any VRBO I have ever stayed in. We loved this house and plan to come back again. The place is stunning, perched on a hilltop overlooking the ocean and Buck Island. We spent hours

reading and resting by the pool trying to take in the expansive view. The host Millie is amazing. She was the most helpful and lovely host I have ever had with VRBO. Highly recommend this home.

May 2021

BEAUTIFUL HOME with a great view! Our girls trip was great, and I had a FAB 45!!

Unfortunately, there was no chef available but we were able to get to a few restaurants and cook a few times at the house.

The host was great and they have a GO TO book that helps you get to all of the great spots and beaches on the island.

BEST VIEW ON THE ISLAND!!

You will not find a better view on St. Croix! The property manager Millie went above and beyond to ensure that we were greeted at the airport and was able to assist us with making reservations around the island. This property is highly recommended!

November 2020

The most accommodating Airbnb experience we've had thus far and we've had a lot. They went above and beyond to make sure we had the best wedding & honeymoon trip there!! Highly recommend!

This was the first time that we have not stayed with family when we were in St Croix! This place was amazing. Colleen's property manager Ms Millie and Randy were great. They met us at the Terrance to give us a tour. Unfortunately, we were not there just to have fun my Grams passed and Colleen and Ms Millie sent there condolences. We ran across several issues that can be expected with living on the island. Ms Millie was right on it. By the time we got back from daily errands, the issue would be fixed! Most definitely would recommend to a friend. My dad already has 😊. Everyone in my family was very pleased with the location. Even with the very clearly stated no air conditioning (which I'm used to not having when we go home), it was a lovely stay. The fans and the rain made the nights nice. I will say if you are going to rent a car this place is on some steep hills on the East End. I would go with getting a crossover or jeep type vehicle. Thank you again for letting us stay at your lovely home! Xoxoxo

Colleen's home is absolutely stunning. The views are second to none, and the space itself is really comfortable and inviting. Sadly our reason for travel was not for vacation, but rather in response to the coronavirus. We had short notice to find housing for our design team, who would be performing the engineering and architectural design for converting a dormitory to a temporary hospital for extra patient care space. Colleen responded within minutes of my request. She was so helpful and willing to work with us and our schedule. She's incredibly responsive and a great host. Millie, the property manager, is extremely helpful and was able to help our team with any questions about the home. Our team loved this home and it was the perfect place to relax pool-side after a long day of work. I wouldn't hesitate to recommend this property! Thank you Colleen and Millie!
