Where to start! We loved our stay on this property! We celebrated our anniversary for a week in a private, peaceful cottage by the sea. We absolutely loved the screened in porch! We relaxed every evening to the sound of the sea. What more could we ask for? How about a property rich in history and with ruins to explore? Well, this property has that! Hands down the best part was the caretaker of the property, Fitz! He was there to welcome us and make sure we had everything we needed. He also showed us the island from the perspective of a 3rd generation local! We felt so at home, and like we truly made a friend! We can't wait to visit again!

This warms my heart. We love this place and are so happy to share it with guests like you. My house is his house. Until next time. Be well.

We had a wonderful time staying at this beautiful property. The screened in porch was our favorite hangout spot to eat breakfast, read, play games, listen to the waves, and enjoy the breeze without a direct hit of sunshine. We left a few games and snorkel gear for the next occupant to enjoy. There is a beach less than a 5 minute walk down the road and we made good use of it, enjoying seeing all the sea life and treading carefully in our water shoes.

Through no fault of anyone's, the refrigerator/freezer was broken during our stay. That is the only reason it wasn't 5 stars across the board. Linda was extremely communicative and apologetic, trying to get it fixed while we were there. It was an inconvenience, but nothing major as we spent most of our time out and about and used the freezer and cooler to keep beverages cool.

Finally, Fitz, the on-site contact, was amazingly wonderful! He matched our vibe perfectly!

I highly recommend this space!!

Stunning panoramic view of ocean from the sugar mill. Screened in porch was perfect for morning or evenings. Very close to Cane Bay and bars/restaurants

Rust op Twist is a great place to stay in St Croix! It is close to the beach, private and has space to walk around. The cottage is clean, roomy and well appointed. Had a wonderful time!

Beautiful spot! We had a great experience at the house.

Linda was a fantastic host, and was particularly helpful and quick to respond and provide support! She also provided great information about the island along with recommendations.

We particularly enjoyed the beach – there's 2 different small beach access inlets leading to private beaches (the northern access is to a rocky beach, but the eastern lead to a sandy beachfront!)

Rust Op Twist is special beyond words. Our family enjoyed every minute of it. Linda was a perfect host and ensured that our experience was pleasant and memorable. She even encouraged us to take a blanket to the Sugarmill at night and stargaze. We'll never forget the experience. Leave your gadgets and stress behind and fully immerse in the sun, sand, water and meaning of this scenic environment. Experiencing life here is experiencing life period. Follow the bliss.

Rust-Op-Twist was an amazing retreat from our daily life. The entire Dyer family was very kind and accommodating. The cottage was clean and orderly with a very short walk down to the beach. In the other direction was another short walk to the ruins of the 18th century sugar mill. Even with much of the island locked down due to covid, there was still plenty for us to see and do as well as for our 6 year old son to experience.

We will definitely come back to bask in the serenity of Rust-Op-Twist.

A comfy place to call home while on vacation! I am so happy the owners are preserving the history of this spot for all to enjoy. I recommend bringing your own snorkel gear. The owners were very helpful and quick to respond. Also, groceries are expensive on the island. Pack some non-perishables and reef safe sunscreen if you have room and are on a budget.

Linda is a fantastic host. The cottage is charming and is super comfortable. It is a 10-15 minute drive to C'sted and F'sted from here. We enjoyed F'sted the most. The east end is 30+ min out. Frankly, for what we wanted (to tour the many beaches and have solitude away from crowds), this was perfect!

Quaint and semi rustic cottage. Perfect for those not seeking to be in a densely populated tourist area. If you are an explorer, intend on renting a car and experience the island, this is the perfect place for you. Ideal

for people and families who like the outdoors. Close to a popular diving spot. Linda was a great host and made sure we had a great stay.

Because of the location, consider going to one of the following grocery stores before checking in:

Plaza Extra West

Great remote work spot! Strong WiFi and AC were our prime considerations for our four person, two week remote work time in St. Croix, and this place delivered! Video calls all day weren't a problem, and the two AC units kept the place well conditioned. When we weren't working, a 5 minute drive to Cane Bay's great snorkeling, eating and drinking, and central location to the islands other sights for longer trips was great. Very secluded location, no noise at night except for the waves on the shore. Walking up the hill to the old sugar mill was an awesome sunset spot too, as was the private beach a 5 minute walk away as well.

There are some little details they're still working through with the property. Some are small, like a broken door handle and some ripped screens on the porch. Some are larger. The mattresses probably need replaced, and there's no real dining table. Finally, although it's not atypical on the island, we hadn't considered that the windows might be storm shutter and screens only, so you get AC in a dark shuttered room, or no AC in a bright room.

All in all it was a great experience for us to spend some time working and playing in St. Croix. We're excited to follow along with Linda and her families progress on improving the rest of the property, including a larg...

Linda's place is like something out of a dream. The ocean is a little more than a walk out the front door or Cane Bay for great snorkeling is just a 5 minute drive away. It's also far enough outside of town that you don't have to come into contact with others if you don't want to.

Then, there's the mill. From the back of the place, you have a short, but fun hike up to the top of the hill where an old sugar mill is located. The hill provides amazing views over the ocean and of the surrounding mountains. It is the perfect place to go to relax, take in the beauty of the island, and even see a countless number of stars in the night sky.

The sun room just added the cherry on top. Whether I needed to do some remote work, eat some food, or just chill and talk with friends, it provided the perfect space to be comfortable outside and enjoy the

vacation.

I already miss it.

This is a beautiful location on the north shore and a charming cottage. A/C and a full kitchen were highlights for me. I will be back!

After having to reroute our trip from Puerto Rico to St Croix last minute, we knew this was the place to stay. Excellent location, convenient to everything. The property is outstanding. The hosts are so welcoming. The cottage is well appointed. St Croix and Rust Op Twist have a special place in my heart.
