We had a very comfortable stay with plenty of room for all 6 of us. The house feels very open on the inside and has a large deck and plenty of seating area on the outside. One thing to note for the folks who might have a hard time with stairs: the house is laid out like an amphitheater with the bedrooms, kitchen and dining all on 1 level and the main living area a few stairs below.

This home is near the East End and Point Udall. It is walking distance to Jack and Issac Bay Preserve. The description of the property is accurate. It is about 20 minutes from Christiansted. We chose this property for the location, view and pool. The home had everything we needed for our stay. Jason and Mike were responsive to any questions we had about the home. There was an abundance of cookware, spices and supplies for packing a lunch and cooking meals. The pool deck was our place to hang out and was very comfortable. Would stay again if in St. Croix.

We had a fantastic time at the house. It is extremely beautiful and well-maintained. The surroundings are idyllic! Access to the beach is easy, a nice walking path was added, and you can get to the top of Sugarloaf

Mountain within a short walk from the house to start the hike into the nature conservancy and up to the peak. This was our first Airbnb stay, and I could not imagine better hosts. Tremendously thankful for the hospitality, which made for an excellent trip.

The house looked just like the pictures and offered a lot of useful amenities like spices, cookware, and bar supplies. This place was close to many of the activities that we had planned. The hosts were very receptive and easy to reach.

The villa was great! We enjoyed the pool, the deck, and the ocean breezes. The home had plenty of towels, supplies for water and beach activities, and the wifi also worked very well. We also enjoyed the games (Scrabble, in particular) and the quiet area where the villa is located. You should definitely rent a car and explore all sides of the island, as the villa is located somewhat far away from things you need to see. Definitely do Tide Pool tour (Tan Tan Tours) and the ATV Adventure (Gecko's). Lunch at the Landing Beach Bar and Grill is also highly recommended. We had a great time and the villa was a wonderful home base for us during our week in St. Croix. If we find ourselves in St. Croix again, we would definitely book this villa.

I am a review reading junkie always trying to find that perfect place. I can now attest all these great reviews are true. This slice of heaven is everything and more. The home itself is immaculate - open, clean, and well stocked for anything you could possibly need. We usually rent fins but no need here there are plenty to use, snorkels, masks, beach toys, pool accessories, beach chairs, coolers, cooler bags, ice packs, coozies, straws. I would guess 10-12 beach towels at the ready. Shampoo/Conditioner and soap in every bathroom.

Well stocked kitchen, 5-gallon water cooler to stay hydrated (bring a water bottle that doesn't sweat), air conditioning in every bedroom that worked great, and a nice breeze comes through the common living area. Washer and Dryer if needed. This villa is close to Point Udall to see the sun rise, Cramers Park a great beach area, and there is a path (out back) from the villa to Smugglers Cove Beach, a hidden gem. The views are great, pool/deck area is a great place to spend relaxing. Numerous games and puzzles kept us entertained in the evening. The east side of the island is quiet and relaxing. They had amazing communication, went above and beyond, and exceeded our expectations.

Wonderful place to stay. Amenities were abundant. Pool was awesome, beds very comfortable, kitchen well stocked. AC in all the bedrooms. Fans and open windows in the rest of the house for a good breeze. No TVs in the bedrooms. We were pleasantly surprised how clean and nice it was, we would definitely return.

This was my first Airbnb stay. Two of us stayed for nearly a week. Excellent location tucked away in the hills, yet close to beaches and points of interest on the eastern end of the island. The surroundings are tranquil with an abundance of nature and scenery. The biggest thing for me was how quiet it was with the only sounds being natural (at night mainly). There aren't any major roadways nearby meaning road noise is almost nonexistent. There is, however, some construction noise coming from further up the hill where a home is being built. For us, the only bothersome aspect of this was the disruption of sleep on a couple of mornings. We are light sleepers though. Fortunately, the host does offer white noise machines in the bedrooms that can tune some of these noises out. The hosts were very responsive if we had any questions while there. The air conditioning in the bedrooms worked very well and allowed for a comfortable night's sleep. Just about everything you'll need will already be at the house with the exception of certain groceries. We picked up some essentials like milk, bread, and eggs as well as some meats to grill out back. We felt very at-home and welcomed here and didn't want to leave. I would love to stay here again. It was the quiet, nature-based retreat we needed. Thanks!!

The term super host was made for these guys! Our stay was amazing. The house was beautiful and looks just as pictured, if not better. The home is secluded and peaceful. Being from the states we were afraid to

rent a car because they drive on the opposite side of the road. Our hosts were so gracious enough to also become our tour guides. They came and drove us all around to see sites and even took us on multiple trips to the local grocery store. They became a part of the family. This was one of the most amazing trips for my family. The space and the host were heaven sent!

Hidden valley villa is an excellent place to stay on St Croix. Private, well stocked and located perfectly for those who want the island experience minus the tourists. The private pool and hilltop perch top it off w/ views of buck island and a nice breeze
