Barbara and John's place was even more magical than I had imagined! It was off the beaten path right in the water but no problems- John met us at the airport and we followed him to the house. The location was right on the water so we could hear the waves all day and night. Barbara had us put in our grocery order the day before and she picked it up and had it put away for us when we arrived. She gave so many recommendations for local things to do, places to go, and places to eat. Our family prepared some meals at home and ate out a few times as well. Each room has its own A/C so some of us used it and some enjoyed the natural breeze. My parents traveled with us so it was nice that their room only had 1 step. We are already planning a return trip- highly recommend!!

This was one of the few times our Airbnb home exceeded our expectations. The bedrooms all have separate entrances onto the pool deck, the ocean is right in front of you, and Barbara and Jonathan are wonderful. Very down to earth and hard working.

I was there with my husband, two adult children and one significant other. It was perfect place for all of us with each couple having their own bedroom/bathroom. Lots of space to gather for meals or to hang out. Played corn hole by the pool often and enjoyed many meals by the covered dining table overlooking the

water. Ample kitchen space for all, never felt like we were on top of each other. Had problems with the gas stove one time and the host, who lives above the house, was immediately there to fix. Host even picked up and put away groceries before we arrived. Host also greeted us at the airport providing an escort to their home.

Beautiful location. Amazing house and amenities. Wonderful hosts. Our second visit was even better than the first. We've already booked our return and we can't wait. Thank you Barbara and Jonathan.

Barbara was so helpful throughout the whole rental process. From grocery pickup before our arrival, to restaurant suggestions, and even meeting us at the airport. The house is steps from the beautiful turquoise water and we enjoyed spending most of our time sitting on the porches or by the pool. The layout of the bedrooms was well suited to our group of five. We enjoyed Barbara's home and look forward to returning to it next year.

What an amazing stay we had at this beautiful beachfront home!! Everything about it was lovely- the views, the pool, the outside areas, and the owners, Barbara and Jonathan were so kind and thoughtful. They assisted us with groceries, travel and great references for places to go. Can't say enough wonderful things! The house is private, comfortable and has everything you need down to the toiletries. We definitely recommend:)

My family and I stayed in this fantastic home, in the perfect location on the Island, for 15 days! The house layout provided a great deal of privacy for all (wife and me, and two teenagers), everyone had their own space, but the overall feel of the home and grounds is of connection and coming together. The pool, outside sitting, and dining areas kept us connected or reconnected to each other and provided a real connection to the Ocean!

Our hosts were kind and compassionate and truly helped make this a vacation of a lifetime! St Croix is an amazing Island, and this home is the perfect base to explore all the Island has to offer.

The overall cost verse value here feels unbalanced. We felt like we were somehow getting away with something sitting on the edge of the ocean, on the edge of the world, in one of the most breathtakingly beautiful spots on earth! Of course, you will see beauty beyond comprehension while on ST Croix, but none as beautifully peaceful as what you are immersed in just sitting outside your bedroom door having a cup of coffee in the morning or a drink with the sunset to end the day!

We LOVED North Star Villa Beach House!

A wonderful place to stay with a gracious host!

3 comfortable bedrooms, each with private bathrooms. Well-stocked kitchen with an 8 burner Viking range. It's right on a rocky beach and has a beautiful pool and deck area. Conveniently located. Would definitely recommend and would stay there again.

The house was perfect for a St Croix get-away. Everything was perfectly clean.

The linens and towels were like new. Beds were very cozy. The pool was larger than I expected, and cleaned everyday! The kitchen had everything we needed, Blender, microwave, large fridge; and there was a large gas grill.

The online pictures don't do the house justice. Everything is on one level. Each bedroom has its own private

bath. The location, so close to the water, allowed us to open the house up and enjoy the breezes. It was perfect.

Go to Rainbow beach for the best beach bar. Louie and Nacho's for late night eats. Eat the ribs and chicken at La Reine Chicken Shack. Drive on the left. Talk to the locals, they are friendly, and full of good advice. Watch the Pain Killers, they are addictive.

incredibly wonderful place to stay on the island. view is incredible, perfect for groups - 3 br with individual entrances & bathrooms. really nice covered & uncovered outdoor space. Beach is swimmable and has some snorkeling but you need to be sure footed. Jonathan and Barbara stay in a separate area from guest quarters and are available to help as much as requested - assisting us from the airport / to the grocery / with questions we had about the island. 10/10 recommended.

Awesome place and awesome owners / hosts! The house has a great setup for 3 couples. There are 3 bedrooms, each with a private bath and private entrance from the patio / pool area. There is a large common area with a den and kitchen that is great for hanging out as a group. The views from the house are incredible! Barbara and Jonathan are wonderful hosts! They made a trip to the grocery store for us prior to our arrival so that we did not have to hassle with that on the first day and Jonathan even met us at the rental car agency to show us the way to the house. We would love to visit St. Croix again sometime in the near future and hope to stay at Barbara and Jonathan's place when we do!

We couldn't have asked for a better place to stay. The location is fabulous; we loved having the sea just steps away and allowing the sound of the waves hitting the shore lull us to sleep. The home has everything we could possibly have needed, and Barbara and Jonathan are consummate hosts.

We just completed a week stay here and it was fabulous. Perfect place for three couples to vacation. The outside space was enjoyable with the great pool and shaded area. Having the sound of the waves was relaxing. Barby and Jonathan were wonderful hosts. They are there but not intrusive. Very helpful with directions and suggestions. Easy walk to Cane Bay beach. Definitely recommend as a place to stay in St Croix!

In my opinion the BEST PLACE to stay on the island. We were downtown and people asked us where we were staying and when we said the white and blue house they all new where it was. Barbara and Jonathan are the BEST. When we landed Jonathan was there to escort us to the property and then he gave us a tour of this 4br 4ba estate that we had all to ourselves. The home has all of the amenities that you can imagine. From spices in the kitchen to bathrobes in you room or as Barbara called our room (the honeymoon suite) but trust and believe they were all that 5 star quality to us. The only thing that we hated was the fact that we had to leave! We will be back next year!!

Our stay was everything we hoped for. The villa is beautiful, comfortable, sparkling clean, and has a perfect location by the breaking waves. Barbara and Jonathan are very welcoming hosts, and we enjoyed chatting with them any time we had a chance. We liked that they were onsite and answered our curious questions, all the while giving us plenty of privacy. The villa is located in the quiet and beautifully wooded north shore, but only minutes Cane Beach and good restaurants (Ama gets the highest points). The grocery store is also only a short 10 mins drive inland. We highly recommend North Star Villa!

We had an amazing stay at Barbara and Jonathan's home. They were impeccable hosts and thought of everything – the kitchen was fully stocked with all sizes of pots, pans, dishware, etc. and there were plenty of towels, soaps/shower supplies and even bug spray. Barbara was quick to respond to any communication and although they live on the property, they let us have our space and enjoy our time. The 3 bedrooms were spacious and all of them face out to the pool and the amazing ocean views. The air conditioning in each room was great for overnight, but the breeze off the ocean was also wonderful. It's a short drive to several good dining options (Rowdy Joe's, The Landing Beach Bar and AMA at Cane Bay were our favorites). We hope to return to North Star Villa in the future.

This airbnb was nothing short of spectacular! The hosts were extremely responsive, friendly, and made sure we had everything we needed for our stay! The view from the pool, patio, rooms, etc. is outstanding. You are literally feet from the ocean, and you can hear the waves all night long. AC was cold and worked great. All the rooms were extremely clean, and we were provided with plenty of towels, bug spray, and lovely soaps. It is obvious that the home is kept in immaculate condition. They hosts are on site, but gave us plenty of privacy and we really only interacted with them if there was something we needed or wanted to chat :) They are lovely people! We LOVED our stay and cannot wait to come back! This is one of the nicest air bnbs we have ever stayed in. Already planning on booking this air bnb again in the future!

I can not begin to express how incredibly happy we were with this house and the hosts. Before I speak about the house it is important to stress how incredible this couple was during our stay. From the start they were incredibly courteous and helpful. However, this became incredibly apparent when one of the members of our party suffered a very serious emergency. The owners have an apartment upstairs from the house. Most of the time you would not know they were even present but since our group loves to talk to people we became friendly with them. This was a huge benefit when this crisis hit. Jonathan was able to get an ambulance out to the home quickly and were very attentive to our needs throughout this ordeal. This is when you know how helpful people are. They had made a great impression on us before this incident but definitely proved it during duress.

Now as far as the home goes we all absolutely loved it. You can not get closer to a beach than this home. The sounds of the waves was fantastic. The home is very spacious and very well stocked in the kitchen. They also had the most beach towels I have ever seen at a guest house. Everything was very clean and well kept. I can really go on and on about this property. We all, including the person who was medivac out, has said that we would love to go back. I hope to be able to go back in the future.
