Great communication all the way through. Beautiful home, comfortable beds, clean linens, cleaned well stocked bathrooms, updated kitchen with all the comforts of home (we made a homemade dinner for 8 and had everything we needed), the outside is breathtaking! Huge patio with nice pool and the views, Amazing. Highly recommend and look forward to staying here again. Thanks you Candice

Absolutely one of the best AirBnB's we ever stayed at. I loved everything about this place. The house and the view were breath taking. I can't wait to book again. The pictures don't do this place justice. It's much better in person. The host were great. They were very responsive and helpful. They went above and beyond to exceeded our expectations.

Our stay at the villa was perfect! The pool was beautiful and the house was everything we could have asked for!

Lovely home. Private with a view of the hills and the ocean. We spent many hours sitting poolside. Lots of places to be in the sun and the shade. There was a kestrel that came and perched on the palm tree most days. One morning a cattle egret came and sat by the pool. Modern kitchen with everything you need to cook. Check out the farmers market and enjoy family meals poolside or the large dining table. A true break from February in the north land.

The property is very interesting as it is part of an old sugar cane plantation. The hosts are very helpful. The home is elegant and comfortable. We would stay there again when visiting St. Croix.

We had a fantastic time in this beautiful home. One can't help but feel immediately relaxed after entering and being greeted by a distinctive aroma which quietly awakens the senses.

After settling in, we enjoyed a catered dinner from Chef Ozzie's restaurant, food was delicious and flavorful, did not expect any less.

Ken made us all feel quite at home immediately, offered us a basket of mangoes harvested from the land and preserved in his freezer! We made mango smoothies, cocktails, such a special treat!

Our second night on the island, we had dinner at Mermaid Restaurant which also included a fire show.

After returning from dinner, we spent some relaxing time in the pool and took in the breathtaking views overlooking the top of the bay

We maximized our final day in St. Croix by driving to downtown Christiansted where we took a short ferry...

Villa Plumeria is a wonderfully appointed mountain and ocean view home among bountiful fruit trees that provided the most personalized St. Croix experience. Having owned a rental property ourselves and stayed at countless homes across the globe, we would be happy to return. Candice and her team are welcoming and responsive to our needs while respecting our privacy.

The villa is a lovely, spacious, well-appointed home away from home. Our two families had a wonderful two week vacation stay at this beautiful spot on St. Croix. We were well looked after by our very kind host and hostess. We highly recommend!
