This was hands down THE BEST STAY we've ever had in Airbnb!!! The pictures are absolutely accurate, you're literally falling asleep each night to the Caribbean crashing on to the rocks. Super safe house with gates and passcodes and in a great location to a wonderful beach and restaurants!

The hosts are both an amazing and friendly couple that gave a ton of valuable information for our first time on the island! As my wife and I had no idea really what to do and where to go, (other than what we can find online) it's so nice to have local people that never overstep but guided us to all the best things in a week!!

If I could do it again I'd stay here (Casa Blanca) longer!! Cannot recommend this spot and host higher!

Casa Blanca is an amazing place to stay. It is very beautiful and is exactly as listed. The cottage is very comfortable. The amenities are perfect requiring less packing.

Debra and Jay are awesome hosts! We thoroughly enjoyed chatting with them.

Thanks for making the 1st part of our journey so enjoyable!

Great location with the ocean waves right out front and walking distance to Cane Bay. It's the perfect amount of space for two people and very convenient having a kitchenette. Debra and Jay are very friendly and helpful and we loved staying here!

5 stars hands down. My husband and I stayed here for our honeymoon last week. Debra and Jay are absolutely wonderful. They made check in/out very easy, they were pleasantly attentive all week, very knowledgeable about the island and were always available if you needed anything. The place is gorgeous, right on the beach. And it's in the best location on the island, Cane Bay. Not too crowded, walking distance to the beach and a few restaurants. Not to mention it's home to one of the most beautiful scuba diving spots:) make sure you hit up the breakfast food truck on Tues, Th, Sat, Sunday. You won't regret it. The studio is very clean and homie. Plenty of places to sit on the property and just stare out at the ocean and watch the sunsets. Jay hooked us up with an awesome half day trip on Hook n Cook fishing charter and also helped us out with other activities we were interested in. I definitely recommend staying here!

Outstanding! The view is stunning and location was just right, quiet enough for us but within walking distance to a few good restaurants. Debra and her husband were very gracious hosts and we had everything we needed. Perfect and clean little cottage! We will be back!

Casa Blanca is the perfect AirBnB. The amenities, the location and the host. We are already recommending it to our friends. The best stay in St Croix. Cane Bay is the spot to be.
