Third time! Still can't get enough of STX

5/5

We sure do love STX and we sure do love Endless Summer! What a treasure. As a family that has traveled around the world, we feel so comfortable here. Vicky and Teddy are the consummate hosts! They make the whole process a breeze. Plus, each time we check in we are surprised by something small but substantial that has been done to make the property even better than the last time. For example, the painted murals inside. Or the umbrella covering the outside table. We are so happy to find this wonderful place. Everything is as described and then some! We are already booking our stay for next year. You and your family will live this place!!

This review is so kind and so appreciated! Repeat guests are the ultimate compliment and endorsement, in our opinion. And Matt and family are definitely among our favorite repeat guests! Thank you for noticing the ongoing updates that we add to keep our vacation rental current, fresh and upgraded. We sincerely care about each guest's experiences and are happy to host guests as kind and gracious as Matt and family. We have you booked on our 2024 calendar and look forward to your next Vacay at Endless Summer on St. Croix.

Stay well until the next island getaway.

Beautiful view, very quiet and perfect for two couples ,or a family with children. Television reception needs improvement but overall great place!,,

**Host's response:**

Hi Sheryl,

Thank you for your choice of Endless Summer for your island getaway. We appreciate your five star review. Our televisions are internet based programming (Roku) and we have the same service at our own villa, just up the hill a little from Endless Summer. We did not experience any disruption of service or reception during your stay. My husband showed both men in your party how it worked, when he stopped by at your request. There are more options available through the many apps. If you were not accustomed to this type of service for television programming, there could be a bit of a learning curve. Due to Hurricane Maria in 2017, cable services were non-existent for years and this was the only option for most island properties. It has worked well for every other guest staying at our villas and we hope it will not stop you from returning as our guest in the future. Take care.

## Endless Summer was Endless Pleasure

The house was wonderful! Beautifully decorated and well-appointed, it had everything we needed and more. The kitchen with its abundance of drinkware and plates, the large fluffy bath and beach towels, the beach toys for the kids, the pool with its lights, the veranda with ample dining and lounging areas and blue tooth speakers - everything was super. But best of all were the incredible views of the sea!!! It was even more beautiful than described on the VRBO website, and gave a sense of peace, wonder, and of God.

**Host's response:**

We are thankful to have had you as guests at Endless Summer. Thank you for choosing our property out of the many options that are posted on VRBO. Thank you for your glowing words of what you found in our rental. It is our sincere desire to offer the very best to our guests. We have invested considerable time and resources in making this little spot on the planet a special place for visitors. But, the view is something that we can take no credit for arranging. It still takes our breath away and we have been coming to St. Croix since 2005. We hope your beautiful memories will call you back again in the future.

Warm Regards.

## Outstanding!

The comments of others that "it's better than the pictures", "great view", "well appointed", "pleasure working with Vicky and Teddy" are all spot on. We have been exclusively using VRBO from the mid 1990s and from start to finish this is the best rental experience we have had. We stayed at "Endless Summer" for two weeks in February 2023, which is peak time and at no time did we ever feel crowded or experience any traffic problems.

Some personal observations:

1. If you are expecting night life and hustle and bustle go to St. Thomas. This island is quite the opposite. It is laid back, peaceful and quiet especially on the East End.
2. Rent a car. There is little within walking distance in terms of grocery stores, restaurants, shopping etc. A car will give you the flexibility to explore the island. While we did explore the island we spent much of our time lounging around and in the pool and/or veranda. The house is open architecture and with the natural sea breezes was always comfortable. While the bedrooms had air conditioning we did not use it.
3. Dining out. Duggan's Reef which is within walking distance is excellent. It is only open for dinner every night except Sunday. It is good idea to make reservations especially for Friday or Saturday. There are many places casual places to eat and while by no means inclusive or in any any particular order these are our favorite spots. The Mill on the boardwalk in Christiansted had good pizza. In my view the best on the island but not as good as NY, Philly,NJ or Chicago pizza. Rhythms on Rainbow Beach is a small bar with great ambience and decent views especially at sunset. The Landing at Cane Bay has decent food. Castaways has a good thin crust bar pizza. Adjacent to Castaways is Ziggy's Market. It is a must stop combination gas station, convenience store, deli, and bar with an outstanding Sunday brunch, a chef on M-W-F evenings and live-entertainment. A little bit more upscale but nearby is the Goat Soup and Whiskey which serves lunch and dinner.
4. Groceries, wine, liquor. There are several stores but we found the Seaside Market which was closest to us met our need. They also have great deli sandwiches. I think it may be the most expensive grocery store but you can't beat the convenience.

Don't hesitate to contact Vicky for recommendations and advice. We did and she responded quickly and her advice was always helpful. I highly recommend Endless Summer and will go back in a heart beat.

**Host's response:**

Wow! This very well may be the best review that we have ever received. To have a well-traveled guest write a review that is so complimentary of not only our vacation rental, but also our little island in the Caribbean is our ultimate goal. It's interesting how some guests just feel like friends at some point and this feeling happened early on with these five star guests.

Thank you for choosing Endless Summer for your Caribbean vacation. You cared for our property as if it were your own. Knowing that you love the laid-back, easy going vibe of the island resonates with our reason to be here, as well. Although the island is by far the largest of the USVI, yet it is the least "touristy" and offers a real sense of community with the friendly locals. You two fit right in!

Should you be an owner or manager reading this review and our response, do not hesitate to accept a booking request from this couple. You will be very fortunate to have them stay in your property and you may just make a couple of new friends, to boot.

You are always welcome back to stay with us anytime we have vacancies. It would be our sincere pleasure to host a repeated stay for you.

Much appreciation,

Teddy and Vicky
