★ 5Exceptional!

Beautiful vacation place!

5/5 Stayed Jun 2022

Lori D.

The codo has everything you need and is situated on the most beautiful beach! So peaceful and there is always a gentle breeze blowing. Everything went well, no issues at all! Recommend to anyone. But do rent a car because everything on the island is at least a 20 min drive. Great experience.

Host's response:

Thank you! We are glad you enjoyed your stay at our condo and the "gentle winds". We love renting a Jeep to explore the island and try the local cuisine.

Vacation in Paradise

5/5 Stayed Mar 2022

Barbara L.

We had one of our best vacations ever at this beautiful condominium on the beach! Everything we needed plus more was available to us. The welcome letter headlights of useful information and tips. We spent ample time on the lovely screened in porch facing the ocean as well as the two balconies. I cannot imagine a more perfect place to stay than this condominium. We and our teenagers loved the saltwater pool and the stunning beach and were pleased that it never felt too crowded even in the height of spring break. They were always lounge chairs, hammocks, and shade available. Thank you for the perfect vacation!

Host's response:

So happy you enjoyed "Family Tides" with your family. The porch is one of our favorite spots to sip Rum Punches and look out to the ocean!

Wonderful stay in a great location

My family really enjoyed our stay at "Family Tides"! The location is very convenient for many activities--including kayaking in the biobay (we used Virgin Kayak Tours) and scuba/snorkeling at Cane Bay (we dove with Kodey at Sweet Bottom dive and had lunch several times at the Landing). It was nice to have the pool, beach, shuffleboard, ping pong (balls are in a bedroom closet), etc. when we were there. We were able to get chairs on the beach/under the tiki sun shades, and at the pool, each time we went to the beach/pool. The condo itself had more than enough space for our family and had lots of things to help us enjoy our stay (plenty of towels, Yeti cups for coffee and drinks on the beach, sunscreen to be used if you run out and don't want to immediately go to the store, etc.). The host provided a nice summary of property details and recommended activities. We appreciated the recommendations and enjoyed each of the recommended activities/restaurants. Definitely recommend a visit!

Host's response:

Thank you Jennifer for the kind words! Great feedback on our Welcome Guide! We like our guests to feel at home with all the personal touches!

Amazing!

The condo was amazing and so was Marianne.

She sent a welcome packet about a week before the trip with lots of good/helpful information.

She also said the condo came fully loaded and it did! It was so nice to have good quality beach towels and coolers with ice packs. She had many little touches that made the stay very comfortable and easy. We would go back in a heartbeat and give the condo a 5 star rating

Host's response:

We love our home and glad you do too. We look forward to welcoming you back in the future!

Gentle Winds vacation

5/5

Stayed Jan 2022

Jill W.

Gentle winds is in a perfect location on the North shore. The view from the condo is quite beautiful and the constant breezes make for a very comfortable stay. Marianne provides every amenity you'll need during your stay including sun screen and lotions. I can tell you that her restaurant recommendations were top notch; we tried all the ones on the north shore; all were excellent. The welcome letter is very detailed and quite helpful. You'll love the clean pool and bar. Sure glad We found this property on VBRO
