Lovely stay in Paradise!

We enjoyed our week at Gentle Winds. Property and grounds were in outstanding condition considering it was less than a year ago that a major hurricane came through. Our unit was perfectly positioned to view the caribe and pool, while set back enough to offer privacy. Unit was amply stocked with essentials. WiFi is a necessity and was provided. Had a little problem with the TV on night one but was resolved quickly. Only knock is the bed on the upper level, very high off the ground, a step stool would have been appreciated. We've love St. Croix and been coming to the island since 1985 and previously owned a condo at another property that did not fare as well. I would highly encourage anyone considering a visit to Gentle Winds to look into this rental.

Great location; but too off season. A lot of places still closed due to last year's hurricane. And very few tourists.

Host's response:

Glad you and Martha enjoyed your stay!

Fall is not our busy season by any means. That's the time of year when restaurateurs and staff take a break prior to the busy season.

If you want busy with lots of traffic, visit us December to April.

Condo

The condo is clean and comfortable. The kitchen is well stocked with dishes, glasses, silverware, and cookware. It includes a breakfast bar that comfortably seats up to four people and a dining table that accommodates six adults. The living area has a queen sized sleeper sofa and three chairs. The sofa and chairs are comfortable and well maintained. The sleeper sofa is also clean and appears to have been used only a few times. All three bathrooms and bedrooms are clean and well kept, and the beds are also comfortable and clean.

Location

Gentle Winds is in a convenient location, and the grounds are spectacular. Christiansted is a short, easy drive, Cane Bay is less than 10 minutes away, and Frederiksted is only a leisurely 30 minutes away.

Owner/Property Mgr

The owner and property manager will be very attentive to your needs. Prior to arriving, we received helpful information about the condo, the surrounding sites, and useful information about restaurants, shopping, grocery stores, pharmacies, and things to do. While on island, the owner and property manager were extremely helpful in ensuring our comfort and assisting with any of our needs.

The next time we travel to St. Croix, Cruzan Coast will be our first choice for a place to stay!

Thanks for your hospitality and allowing us to stay in your condo.

We loved this holiday location! Everything was perfect from the minute we were greeted at the airport to the moment we said goodbye. We had great communication throughout the booking process, and were given lots of great ideas to help plan our week on St. Croix.

The property is spacious and bright, immaculately clean and beautifully furnished. We travelled with our two children and my parents and there was ample room for everyone. The layout was perfect with everyone enjoying the living room/dining room/breakfast bar area together. But it was also nice for everyone to have their own "suite" (bedroom and washroom) where they could retreat for some downtime. The beach and pool are very well maintained, as well as the Great Room and tennis courts. We didn't make use of the golf or basketball amenities, so we can't comment on those. We did snorkel at the beach and saw Blue Tangs as well as little Sergeant Majors swimming along the reef!

Gentle Winds is so lovely you don't really have to look elsewhere! But if you do, we highly recommend visiting Cane Bay Beach as well as taking an evening kayak tour of Bio Bay- both of these locations are just right around the corner from Gentle Winds. We also enjoyed dinners out at Flyers and Angry Nate's.

The kitchen is large and very well equipped with new pots/pans and loads of plates, bowls etc. You can even request provisioning of the property so that you arrive to a stocked fridge and cupboard! We found grocery shopping easy to do with our rental car, so we didn't provision first, but for people arriving late in the day it would allow you to walk right into the condo and relax.

We visited in early June and often had the whole pool, and occasionally, the whole beach to ourselves! If you are looking for a peaceful retreat this is the place!!

We loved our stay in J2; the interior design was fresh, the kitchen was well-equipped with new pots and pans, and extra touches like yoga mats and tons of beach towels added to our enjoyment of the condo. The pool and beach were beautiful and just a short walk from our door. Next time I want to

bring my husband and kids back because the unit is perfect for a family with privacy upstairs and plenty of bathrooms for everyone.
