We had a wonderful time staying at Kate's place! The location was perfect and close to everything. We had a wonderful and relaxing time sitting on the porch, gazing at the ocean. The home had everything and more. Kate and her mom even greeted us as we arrived bringing some groceries to get us started after a long day of travel. I highly recommend staying here if you are visiting St.Croix!

Kate was a great host. Even supplied some basic groceries which was very much appreciated and a thoughtful touch! The location was peaceful and beautiful. Not far from restaurants, grocery, and Christiansted downtown. Place was great and loved having the bed in the garden room. It was windy season when we were there and you could hear the ocean from the room, which was peaceful. Stocked with games so we had fun learning and playing them in the evening. So nice utilizing snorkels and beach towels. Would stay here again! Thank you!

Great place & host!!!

Beach & pool were RIGHT there!!

Even stocked the place to make it more convenient for us!

## FANTASTIC EXPERIENCE

Great place in the middle of Everything to do! We loved the pool and Sunny shack for the days we stayed in and we loved Kate's restaurant recommendations and activities. Don't miss the bioluminescent night kayaking with the glass bottom boats right down the road. Kate had beach towels for us and even great snacks. Plenty of towels and loved the great washer and dryer to rinse out the sandy swimsuits after snorkeling at Cane Bay. You will love her place!

Kate is an amazing host. She is easy to communicate with, and very accommodating. She even picked up some special grocery requests for us prior to our arrival.

Gentle Winds was a great place for our young kids. The atmosphere, beach and pool were fantastic.

The condo worked well for our needs.

Great place and location. Very easy to get anywhere on the island with a car. Really enjoyed having access to a beach and pool on the property. Condo was comfortable and exactly as described. Kate was very helpful during the stay with recommendations of things to do and places to eat. Would stay there again.

Highly recommend! We loved our stay in Kate's condo. We had a somewhat late evening arrival and the welcome snacks and groceries easily got us through our first morning before we could grab a few essentials. Most of the time we had the beach and pool to ourselves and we saw all kinds of amazing creatures snorkeling right off the beach there! There were also enough snorkels for our entire family in the condo - such a treat! The on site cafe was perfect for lunch and the condo was a great jumping off spot for exploring both ends of the island. Don't skip the evening kayak excursion that's literally next door - a major vacation highlight for our entire crew. This place is perfect!

This was the perfect spot on St. Croix! Great location (relatively central to all things). Plus, what a wonderful home with all the amenities. Great views and a short walk to pool, ocean and Sunny Shack (food and drink!). Everything you need for relaxing in the tropics right there. The condo was spacious and beautiful. We truly loved it and would stay there again! Kate and her mom were generous, welcoming hosts!

You will not be disappointed if you book with Kate. She is an amazing host, even meeting us at the condo to make sure we got settled in. The kitchen was clean and stocked with drinks, snacks, and a bit of food so we didn't have to rush right out to the store. We could just relax! The condo is a stones throw from the pool and the beach. There's a great little snack bar at the poolside with amazing food and very friendly staff. We thoroughly enjoyed our stay and are already planning a return trip! Amazing value for what you get and Kate couldn't be more kind!

Stop your searching and book this place immediately! Kate and her mom are incredible hosts and the condo is perfect. It is steps away from the pool and private beach, has a fully stocked kitchen, two full bathrooms, two bedrooms, a spacious living room, sun room, and screened porch. The beds are comfy and AC keeps the climate cool. There is even a chest of pool toys/snorkeling gear that guests are welcome to use. The place is super clean and has new appliances including a washer and dryer! No need to buy laundry detergent- it is provided! Kate and her mom have thought of everything. We arrived on Easter Sunday- in case restaurants were full or grocery stores were closed, they had stocked the fridge with frozen pizzas, milk, eggs, bread and coffee. Couldn't be happier with this place. Give yourself a great vacation and **STAY HERE!**

We truly enjoyed our stay at Kate's condo. Kate goes above and beyond! We traveled with our 7 year old son and there was a small bed made up for him in the side room upon our arrival. There was a basket of fruit, water, eggs, bread, little things to get our vacation started! We traveled with another family that stayed at the same complex and their experience was not as good as ours, the decor was up to date. The condo is a short drive to town and restaurants. The complex is quiet and didn't have to worry about getting up early to get a beach chair. Would definitely stay here again! Thanks Kate!

The perfect place to enjoy both ends of this 25 mile Long Island. 30 minutes from anything and an amazing beachfront/pool/bar and grill within the complex, just 50 steps away

Excellent location on the island with beautiful beach and pool views. First floor entrance very convenient. Condo kitchen was recently updated and lovely. Kate was amazing to rent from. The pool and beach area had a wonderful bar which also served great food. No need to leave the condo.

Kate's place is great! Views of the pool and ocean and just a couple hundred yards away! Loved the open feel to it and bright spaces with lots of natural light. AC works great when needed. Good wireless connection. No phone signal with Verizon, but was able to text with wireless connection with iPhone to iPhone. You can also do wireless calling, but I didn't need it while there. Kate was extremely responsive and helpful and we felt very taken care of. Would definitely stay again.

Kates condo is well appointed and comfortable for 4 adults and three children or young people who can sleep on harder surfaces

The location is great. The complex is excellent for kids and elderly who wants a pool and beach close to their accommodations. There are supplies in bathrooms and kitchen plus some water toys. The WiFi is awful.

The beach is facing north so sea can be rough. There is a steep slope to enter the water if you have mobility issues

We went to buccaneers beach carambola resort and cane bay. Don't eat at the landing at cane bay. \$\$\$ and 1 star

All beaches on island are public so go to resorts and tell them you're there to use the beach. Buccaneers is calmest. Food is expensive there Cane bay was dirty and on weekends there are crowds w loud music.

Carambola is dramatic rocky and surf possibly dangerous.

Caroline's in Christiansted is THE BEST place for breakfast, brunch.

Roads are hazardous. Drive carefully. ON THE LEFT check access roads to beaches by
