An Enjoyable Stay

5/5 Stayed Sep 2022

Barbara P. Augusta, GA, USA

This property was just as the pictures showed. Had everything we needed. Bed was comfy. TV's we're great; Marlene got back to us right away when I emailed her;

Beach & pool were great! Had a relaxing week!

Gentle Winds Condo

5/5 Stayed Jul 2022

I often come to St. Croix for work and like to stay at Gentle Winds. It's a beautiful property with a beach and pool that feels private and secluded, which is nice after a hectic day at work. This was by far one of the best condos I have stayed in at Gentle Winds. The owners were in constant communication and made sure I was comfortable and had everything I needed. Even the housekeeper called to make sure I arrived safely and that everything was okay. Check in and check out was a breeze with clear instructions. Highly recommended!!!

Great stay at Gentle Winds

This was our third time at Gentle Winds and we've loved it every time. That being said, Marlene's condo is excellent. The kitchen is the well stocked and the layout is perfect. She has everything on hand to make the stay very comfortable. Excellent place in St. Croix.

Love this Property and Condominium

This was our 2nd time at the Gentle Winds property which we love. The grounds are large, lots of beautiful walks and views. This Condominium is beautifully upgraded and very comfortable. I felt like I was in my own beach house with all the personal touches in decorating. Very, very comfortable and owner is always quickly responsive to any questions. We can't wait to plan our return visit. Love the beach and snorkeling on site and the pool is huge. Very relaxing vacation! Thanks for sharing your vacation home!

Lovely place to stay.

Spacious condo, well stocked kitchen with all you need to cook, and the property and grounds are lovely and immaculately cared for. Plenty of things like fluffy towels and linens. Main bed is firmer than I prefer but the condo itself was great. Beach is the perfect location to watch sunsets and everyone was very friendly.
