amazing from the moment you walk in the door

We had the most amazing time, from the moment you walk in the door and see that view you will feel the stress start to melt away. We had a group of friends that were looking to relax and just unwind and we could not have picked a better place.

Great for a group of adults or families with older children because it is all spaced out with lots of privacy for each room to enjoy. While we were here we got to enjoy several of the local happenings like the Mardi Croix and Jump up. No one is in and hurry and we werent either and we have made memories of a lifetime here! We will be back!!!!

## Lovely Sunflower!

5/5 Stayed Dec 2022

Our family of 5 (grown children ages 18,20,22), had an amazing time at Sunflower. This was our third family trip to St. Croix. This home was very comfortable for our family. Property manager was very attentive and helpful. Property view was lovely and pool was incredibly private. Hope to stay at Sunflower in the future.

## Lovely Property, Great Experience

5/5 Stayed Jan 2022

Just returned from more than two weeks at Sunflower (our fourth time on the island). The views are stunning, so much so many days we were content to just stay home and enjoy the house. The pool with cabana and professional landscaping make it feel like a mini-resort. The home is well maintained. It was easy (by USVI standards) to get to with all the roads being paved and/or concrete and it felt very secure as well as private. The layout is good for people who want space from their companions as well with separate "pods" for the community spaces and bedroom suites. Jill was great with communication and easy to work with. Highly recommend it!

## Simply Paradise!

Our stay at Sunflower Villa was even more amazing than we expected. The 2 level property has a main level with 2 large bedrooms each with full bath that are separate from the main kitchen living room area. This allows wonderful privacy options. There is a washer/dryer on each level which is very convenient. The views are amazing and the property is very private. Jill the property manager was a pleasure to work with and she gave us very good advise regarding shopping and locations/activities of interest. We will rent this home again!
