## *Snorkeling and Day Charters*

*"Enjoy your own guided Snorkeling Tour and Private Charter ! No Crowds to fight or Crowded boat !*

St. Croix has some of the best snorkeling in the Caribbean. Having grown up on St Croix, your Captain knows the best spots to go. And while Buck Island is well known, the East End Marine Park has five miles of beautiful reefs and Marine life including Fish, Rays, Lobsters, Turtles, Starfish, Octopus, Squid and Conch. You may even see porpoise and swim with them too! The East End Marine Park is well protected and many of the best spots are only accessible by boat.

If you are a beginner and have never snorkeled, we can provide instruction and then guide you through the reefs with a floating device for your safety. We can provide gear or you may bring your own .

The five miles of reefs run east to west ( like the trade winds ) and are perfect for drift snorkeling, which allows you to swim in the same direction as the wind and waves making it possible to cover

lots of area and not fight the waves, currents, and winds. Your snorkeling guide will swim with you and point out many species of fish and sea creatures along the way!!

All charters are private and we can accommodate up to 6 passengers.

## **Private Day Trip # 1** (3 hours ) 9-12 or 1-3 pm

This trip incorporates mostly snorkeling. Leaving Green Cay Marina, we head east along the beautiful north shore of St. Croix. Along the way we may see turtles and your guide will point out some landmarks and may even give you some history of the island. Depending on your level of experience with snorkeling , we may stop at a calm sandy beach where you can get acquainted and comfortable with your gear in shallow waters. We will then take you along the barrier reefs about 1/2 mile of the shoreline and snorkel our favorite spots. Our guide will snorkel along with you and point out the many species of Caribbean Fish and Wildlife. Depending on your skill level and ability, we can anchor and drift snorkel, where the boat follows the group in the direction of the wind, waves, and current. And if time allows, we can stop at a sandy secluded beach and swim for a bit.

Private Trip #1 includes:

- . Licensed Captain and Mate
- . Two large coolers with ice and bottled water
- . Snorkeling Gear ( mask, fins, and optional life vest and ring )
- . Full instruction to Snorkeling and Guided Reef Tours

**\$700.00**

\*Trip price does not include gratuity

## **Private Day Trip # 2** (5 Hours )

This trip is much the same as Trip # 1 except after your snorkeling experience we stop by a secluded nearby beach and swim, and bask in the warm sun and soft sand. Take a walk on the sandy beach or just sip on your favorite beverage.

Private Trip #2 includes:

- . Licensed Captain and Mate

- Two large coolers with ice and bottled water
- Snorkeling gear ( mask, fins, and optional life vest and ring )
- Full Instruction to Snorkeling and Guide Reef Tour
- 

**\$1000.00**

\*Trip price does not include gratuity
