The photos don't live up to the beauty of both the property and view. Our family was beyond happy and excited to stay at the home. Kim was a wonderful host and suggested different activities and places to visit.

Beautiful home!!! Kim, the owner, is the best! Communication before, during and after our stay was wonderful...she thinks of everything and makes sure all your needs are met. From suggesting places to eat, things to do, to car rental companies, she's got you covered. She sends a "packet"(as I liked to call it)after you book so you can start planning your stay/make reservations.

We were a group of 4 couples and the house was perfect!(with a bedroom to spare!) 3 upstairs bedrooms all had there own bathroom attached and the downstairs had a bathroom for the 2 bedrooms down there...plenty of space for everyone! The pool and views never got old! From morning coffee to drinks in the evening...that is where we where!
