## Wonderful Stay at Casa Serenity

5/5 Stayed May 2022

Casa Serenity is the perfect accommodation for 2 couples or a small family. It has everything you need included: lovely pool, grill, patio, washer dryer & dishwasher. The complex is beautifully maintained and safe, while remaining peaceful and quiet. Everyone we ran into at Villa Madeleine was friendly. even the neighborhood cats! Anne was responsive and helpful. Villa Madeleine is on the east end of the island known for being the quieter side. Only 20 minutes from downtown Christiansted/the grocery store. Lovely restaurants just down the road. We thoroughly enjoyed our stay :)

Everyone we met on St. Croix was impressed and thought this was one of the premier properties. Great, friendly, responsive, professional staff. Near good beach and many restaurants.

Beautiful home. Some issues with the air conditioning. Glad to hear that the entry road to the villa is getting re-paved this week.

## 40th Anniversary Vacation

4/5

Stayed Jun 2021

We loved our week-long stay in Casa Serenity at Villa Madeline on the East end of St. Croix island. Everything we needed was there at the Villa and we loved the secluded privacy.

The stay would have been perfect, if not for the 36-hour stint of "no water" and that the pool leaked. This proved to be a major problem. Their Maintenance Man, Ron worked on his July 4th holiday to get us up and running, but no luck, and was back the very next day to rectify the problem. He's a gem and a keeper, and we loved him sharing island stories and discussing our common New Orleans background.

I would advise that the owner do the necessary pool maintenance as that would have made our stay absolutely perfect with no downside. But we are so enamoured with the Villas that we are already planning our return trip.

We loved it!

Sincerely

Judith Malik
