Just as lovely as advertised! Clean and spacious. Quiet and peaceful with awesome views of the water and the mountains. Everything was perfect! I would highly recommend this property!!

Villa Madeleine Bungalow

Charming but the two bedrooms are not equivalent. The 2nd bedroom requires a key to get to through the patio, its shower has a problem with water temp consistency (perhaps a regulator is needed for the water heater), has lower water pressure than the master, and has a window unit for a.c. that does not cool down the room very well. The master has 2 a.c. units--a window unit and a newer unit on the wall above. Both bedrooms have ceiling fans. The living room does not have its own a.c., only a ceiling fan. Instructions given mention a notebook with instructions but this was never found, and house manager says there isn't one. If power goes out and water is run during outage, this causes

water to stop running. We did not turn the water on but lost water anyway because of a leaky toilet. The manager's husband was very nice to come and reboot the system to get the water back on but it could have been prevented. We also later found out that the power outage was planned due to work in the area, and it would have been nice to know about it so as to plan our day around it. Cell phones do not work in the bungalow. There is a landline phone but you cannot make non local calls from it.

Thank you for leaving your review, we appreciate your taking the time to do so. We're sorry if the description of the villa was confusing to you. In the description it does say that 1 bedroom has a king-sized bed and the other a queen size bed. as well as that the AC units are in the bedrooms only. After you mentioned to our manager about a notebook I went back to our listing to double check and neither she nor I could find any place that said there was a notebook answering questions. There are instructions on the refrigerator door and a box full of suggested ideas for things to do in the villa. Again, I am so sorry if this was not clear to you. Some cell services work in the villa especially if you tie then into the internet which is what we do when we are on the island and others work fine without it. Unfortunately, on an island service can sometimes be spotty which again I apologize for. Thank you so much for staying at Dare to Dream and please come back any time.

Enjoyed outdoor space, pool was nicer than anticipated from pics, spacious bedrooms that were well separated for privacy.
