This place was as beautiful as it was in the photos, sparkling clean and so enjoyable. No one gets shorted out on the bedrooms, as they each are large, beautifully decorated, with beautiful views and spacious lovely bathrooms. The kitchen is gorgeous and functional and the living room area is large and comfortable. The pool and porch area are lovely. The hosts were wonderful people to deal with!

Beautiful place to stay!

Air only works in bedrooms and kitchen the cooking areas have no air! If you are a TV person there's no TV in bedrooms!

Kelly was wonderful though! She offered to come and help with everything!!! Thus is a house of houses!!! It's wonderful and did have everything we needed! Kelly allowed us to check out late! DFW was just awesome!

Beware of the security....Quite times starts at 9 😊

Host's response:

Thanks for the review. The kitchen and cooking areas do have air. I wish you would have mentioned it, I would have been happy to show you the thermostat.

Thank you Kelly and Jeff. Beautiful home and location.

We had a great time. We really loved the bar area. Only minor complaint is that the air conditioner in the main room (living/dining) was not working. All in all, the space was lovely and we enjoyed it fully. Would definitely recommend to friends and family.
