Loved our stay at the Villa Limetree. Everything was as expected. Could not have asked for anything else. Everything worked great and the pool was amazing, nice having a heated pool. Would stay here again in a second.

This exceptional villa was everything you would expect and more! What you see is what you get, it truly is an amazing gem of a location and property. Our greeter, Charles, was helpful in giving us a tour and offered many tips for the villa and local food/entertainment choices. The condo was well appointed from the kitchen to the luxurious towels (bath & beach), tennis rackets, beach chairs, etc. The decor is beautiful and comfortable indoor and out; we grilled and went out to dinner at many different restaurants on the island, but really enjoyed a quiet breakfast daily by the pool. The owners have a guidebook of many activities and suggested restaurants that did not disappoint! The privacy of this villa makes it so relaxing to dine and swim with complete serenity while enjoying the striking

view from atop the hill. We caught many nights of stars and a couple cruise ships all lit up navigating the night as they sailed to Frederiksted on the other side of the island. During your stay, read the guestbook for some excellent suggestions for excursions and food experiences. The Crucians are such nice people and are full of guidance to help you experience the local flair and activities.

No question, we will be back!

This villa was absolutely perfect!! From initial correspondence with Anne to meeting Charles, our greeter, it was top notch! Villa is located very close to hiking, beaches, and several restaurants/bars! We enjoyed the pool and grilled out a couple of times. View is amazing! Kitchen is well stocked and nicely renovated! The road up to the villa has been recently paved and access is super easy! We felt very safe and walked most mornings on area roads. Anne also coordinated our jeep rental (highly recommend Centerline Rentals!) and Charles made a pre-arrival grocery run for us, which was super helpful! He was so nice and informative! Anne responded immediately with any questions that we had! Just can't say enough good things about this property!! Book it!!
