Wonderful relaxing stay! Only one glitch - the umbrella was broken when we arrived. We put a call into the local contact and he said he'd come by Monday. Despite following up twice - he never came by or returned my calls.

And wear bug spray!!!

Place is just as described and wonderful!

Second time at this location. All clean and quiet. Little things were a little shabby but nothing to take away from the stay. Tvs could be SMART and AC updated for whole villa. It's hot in the afternoon with really no shade by the pool. Can only take so much sun. Umbrella was no help. Cramer's is a hidden jewel of a beach. Duggans good but a little off track. Goat soup is very good and Hamiltons is outstanding if u can get a reservation. Ok we loved it.... really!

The property is the perfect place for those looking for a peaceful retreat. The pool is beautiful and the gated property makes you feel safe. The owner is extremely helpful and accommodating. Thanks Patricia for all your help.
