Why St. Croix? We have traveled to many of the Caribbean Islands before deciding on our favorite of St. Croix (STX). We were drawn to this U.S. Territory for many reasons. (No passport needed for U. S. Citizens). STX is the largest of the three U.S. Virgin Islands and fortunately the least "touristy". Yet, one can take a short ride on a seaplane in Christiansted Harbor or a new ferry boat service out of Gallows Bay Marina to the busy & popular island of St. Thomas any day of the week. From there, you can travel on a ferry boat from Red Hook Marina to exclusive St. John or even further to the British Virgin Islands. These sister islands are less than 40 miles away and visible to the naked eye from Villa Bliss on clear sky days and nights. All of the natural beauty is obvious at first glance at those turquoise and cobalt blue clear and sparkling waters surrounding this very special spot on the planet. The clear, light blue skies by day and spectacular starry skies at night are quite mesmerizing, too. We have often said that there are "50 Shades Of Blue" visible from Villa Bliss. Rainbows and Shooting stars are common sightings in the islands. Paradise can be found on earth, if you know where to look. Look no further.

popular and scenic East End of the island. From here, you will have a view of the country's first Nationally Protected Marine Park & Reef of "Buck Island". Also, in the turquoise Caribbean waters you can watch sailboats bobbing at the St. Croix Yacht Club just to the East. Captain Llewelyn will take up to six guests on a private chartered catamaran sailing without a motor from the nearby Yacht Club. You will enjoy privacy and the wide open spaces with only a few other villas visible. One of the most talked about villas on St. Croix is the Mooring Architecture "Castle ST. Croix", formerly known as the Contessa's Castle. This, too, is a very prominent part of the view from Villa Bliss. As if all of this beauty wasn't enough, we also have a sweeping golf course view of "The Reef" 9 hole Golf Course, Tennis and Pickle-ball Courts located just across the street. A crescent shaped, never crowded, neighborhood beach is within a short walking distance and one of St. Croix's very best restaurant. The well established and popular seaside "Duggan's Reef Restaurant & Bar" opens at 5:30 PM for dinner and drinks. They are known for their delicious Caribbean lobster dishes and mouth-watering steaks. We recommend making reservations especially in the high season. This envious location offers resort like amenities and nearby restaurants are an easy 15 minute drive into Historic Christiansted Town.

From the moment you arrive, you will notice the various outdoor spaces. Before you ever open the door to the interior, you will walk through a covered courtyard with island architecture style in the arched openings and custom tiled floors. The comfy outdoor furniture here is perfect for your first cup of morning coffee, a lazy afternoon nap or 5:00 cocktails and always in the shade.

"Oh, WOW!" are the words most often spoken by first-time guests of Villa Bliss. The Spectacular Caribbean Views are truly breathtaking. These VIEWS are enjoyed In every room! An open concept design with the spacious and airy Living/Dining Interior will continue to impress. We have provided new, comfy and tasteful seating options. A high quality sectional sofa, custom upholstered oversized ottoman, a rattan chair & matching ottoman, double chaise lounges and seating for 4 at the bistro height teak and glass dining table. Tropical living meets modern conveniences here.

A Master King Suite enjoys the fabulous eastern breezes and Yacht Club Sea views. A spacious Guest Room Suite has another king bed and private bathroom with more blue sea views. All of the appealing interior is a blend of West Indies, Modern and Island Styles.

A GORGEOUS Swimming Pool is purified with a salt water system. This system allows for much more gentle water with none of the irritants of harsh chlorine purifications. Lustrous Iridescent Cobalt Blue Glass Tile sparkles in the Sunlight and surrounds the swimming pool. The tile installation is very unique with the glass tile not only being all around the pool top, but up & over the two outer edges for a "faux infinity edge" design. You will find the Pool Terrace pleasing with Natural Stone Coraline tile flooring. This is the place that will call you to be day and night with abundant outdoor living spaces. Here you will find a comfy new outdoor sectional sofa with plenty

gazing beneath a blanket of stary, stary skies. There is even a covered gazebo for escaping the sun. Pool floats, Bluetooth Outdoor Speakers, and fully appointed island style outdoor kitchen for our guests comfort. Words can not fully describe this Caribbean Gem, but we try. 😊😊
