Live Like A Local!

5/5 ★★★★★

You go on vacation to get away from it all and this place allows you to do so. Private house in the non-touristy East End is tranquil and allows you to relax and enjoy island-life on your terms. Enjoy morning coffee poolside with warm, sunny breezes saying "Good Morning". Fully appointed kitchen with all of the necessities to cook and enjoy meals together (hint; shop the Saturday Farmer's Market at the Agricultural grounds for the wonderful local fruits and veggies abundance). Beautiful, luxury home for families, girls' getaways, etc where the company is more important than the activity. Yet it is really not far from socializing (car rental is a must but casino is less than 5 minute walk; lots of beaches near by; Point Udall is easily accessible for breath-taking sunrise and great local spots like Ziggy's, Duggan's Reef, Grape Tree). Clean, comfortable, modern house that I loved making "mine" for a week; we thoroughly LOVED this "homebase" for our recent girls trip to explore STX!

St Croix blue views

Beautiful property. Great location on east end of st. Croix. 2 couples with plenty of room for a third. Stephanie (property manager) was awesome. Available at anytime if we needed her and great communication. Would highly recommend this property! Loved it!

Beautiful view getaway

5/5 ★★★★★

We enjoyed Blue Views a great deal. It was the perfect location to get away with the family and do things at a more relaxed pace for a bit. The hosts were very welcoming and responsive and helped us have a stress free trip. The ocean view was exactly what we needed to relax, and the home was just the right size for our family. We would definitely return.
