Overall, we enjoyed our stay at this property. The property managers Liz and Bill did an excellent job and communicating, giving us recommendations, and were extremely helpful getting us to the property. The location was great in that it was easy to get into Christiansted and a good central location to get anywhere else on the island. The view is also very nice. However, just a warning that there is a recreation complex directly below the house and it can be very loud and bright. I think it would just depend on what activities are happening. Evidently, softball tournaments between the Virgin Islands would be an example of a loud event! The house was well stocked with everything we could need in terms of basic necessities, the exception being any kind of soap in the bathrooms, so come prepared. As mentioned in other posts, the bedrooms have slatted doors so it's not particularly quiet/private which was fine with us, but might be a problem for others. It's obvious that the house is cleaned between guests, but could definitely use a good deep cleaning. Honestly, this house underperforms from its potential and a little TLC could really bump it up. Overall, we enjoyed our stay there.

Great Location on Recovery Hill 4 min drive or 10 min walk drive to town!

5/5 ★★★★★

Liz, the property manager, was great! She and her husband met us at the airport and we followed them to the rental. Liz used walkie talkies to point out the sites and grocery stores. The house is up a hill that starts in Christiansted. There are gas stations and markets at the bottom of the hill, which makes picking up food or drinks easy. Minutes into downtown Christiansted and 30 minutes to Fredericksted. 25 minute drive to Point Udall. The view from the house is breathtaking and the breeze keeps the living room and dining area cool. You can see St. Thomas the BVI on a clear day! There are AC units in all the bedrooms. We made use of the laundry room off the

kitchen and the lovely pool. Wifi was good (never went out) and we had power the whole week with no problem. The hot tub was, unfortunately, out of order and we were disappointed. The photos are slightly misleading as the back (two story) portion of the home is not available to guests, nor is the roof top deck as seen in photos (Hurricane Maria took down the railings). Updated photos would give a more accurate portrayal of the outdoors. My only criticism about the rental itself is the wooden slatted doors. This reduces privacy while in the hallway bathroom or either guest bedroom. Maximum privacy is the master suite in the back. If you are not a light sleeper, this is not an issue. Owner accommodated a late check out upon request, which was greatly appreciated. Flowers and palm trees on the property were a lovely, tropical touch. We loved St. Croix and will be back in December!

Great location and place to stay

Really enjoyed the house. Very close to Christiansted and nice central location. Very clean. Felt safe only real complaint would be the quality of the washing machine.
